

## Management Information Systems Program

The mission of the Department of Information Technology and Operations Management (ITOM) is to assist students across the College of Business in developing competence in information systems, operations management, and related decision science disciplines. These individuals can then contribute effectively to their organizations and communities in an ever-evolving technological environment.

### Management Information Systems Required Courses

A minimum of 120 credit hours are required for the degree. Other administrative requirements must be met; see the University Catalog for detailed requirements.

#### Intellectual Foundation Program (IFP) \*

English I	ENC 1101
English II	ENC 1102 (Pre: ENC 1101)
Society and Human Behavior	6 credits (3 credits met by ECO requirement)
Natural Science	6 credits (one course with a lab)
