

Health Administration Program

The Health Administration major provides students with a university education that promotes personal and professional growth as well as concentrated awareness of health systems and their effects on society. Flexibility in course selection encourages students to develop a program of study that will strengthen their analytical skills, expose them to new thought, and develop their awareness of leadership and responsibility as citizens and future health administrators.

Health Administration Required Courses

A minimum 120 credit hours are required for the degree. Other administrative requirements will be needed; see the University Catalog for detailed requirements.

General Education*

English I	ENC 1101
English II	ENC 1102 (Pre: ENC 1101)
Humanities	6 credits (Transfer students may not take WOH2012 at FAU as a humanity)
Natural Science	6 credits (some examples listed in "Core Curriculum" link below)
Social Science	6 credits (Requirement met with micro and macroeconomics)
3 credits of an additional	"General Education" math course other than STA 2023 (See "Core" link below) ("C" grade or better required for Gordon Rule)

*Students admitted as Freshmen (0-29 credits) are under the [Core Curriculum](#), which requires an additional course in humanities, an additional course in social science, and a natural science lab. See online undergraduate catalog under "Degree Requirements" and then "General Education Requirements" for a list of General Education math courses.
