The Health Administration major provides students with a university education that promotes personal and professional growth as well as concentrated awareness of health systems and their effects on society. Flexibility in course selection encourages students to develop a program of study that will strengthen their analytical skills, expose them to new thought, and develop their awareness of leadership and responsibility as citizens and future health administrators.

**Required Courses**
A minimum 120 credit hours are required for the degree. Other administrative requirements will be needed; see the University Catalog for detailed requirements.
