Club Management Certificate (CLUB)

The undergraduate certificate in Club Management provides a focused curriculum on those managerial competencies deemed important to private club managers of the 21st Century. These managerial competencies include: golf, spa, tennis, aquatics, food and beverage, marketing, human resources and leadership. The private country club industry is one of the highest-paying hospitality niche professions in Florida offering great employment opportunities. Students must complete 15 credits from the courses below. **The certificate in Club Management is open to both degree-seeking and non-degree-seeking students.** All courses must be completed with a minimum grade of "C." Courses may have prerequisites, corequisites or other requirements. **Non-degree-seeking students need program director approval prior to enrollment in all courses.**
