

Combined MIS to MSITM Program Recommended Course Flow Charts (ITM Concentration)

- MIS students pursuing the combined MIS to MSITM combined program must:
 - At the Undergraduate level, choose the Information Technology (IT) path for their MIS Major
 - At the Graduate level, choose either the Information Technology Management Concentration or Business Analytics Concentration
- Students in the combined MIS to MSITM program have up to 4 undergraduate MIS courses (12 credits) that may be replaced with graduate-level courses

Students pursuing the <i>Information Technology Management Concentration</i> of MSITM
