

College of Business Requirements for Admission to a Traditional Major

Admission to FAU does not guarantee admission to any specific major. All prospective students for traditional (non-online) business majors are admitted to FAU as “Pre-Business.” Students who have completed the requirements* below can declare a business major. It is recommended that transfer students complete all of the requirements for declaring a major prior to starting at FAU. Students who transfer with missing pre-requisites must be eligible to declare within two semesters of entering FAU. **FAU policy states that students may not generally change their major or declare a minor, second major, or dual degree after earning 90 credit hours.**

Maximum Course Attempts

FAU counts a “course attempt” as any time a student is enrolled in a course (at any institution) and earns either a grade or a “W”. FAU COB students may not attempt any course more than twice; **third attempts are not permitted.** Transfer students who have not successfully completed a pre-business course within three attempts are **not eligible to declare a business major at FAU. The College of Business will not permit fourth attempts for transfer students.** Transfer students who have already attempted a pre-business course twice at a previous institution should speak with an advisor for more information.
