Additional Requirements

This minor is **open to non-business majors and those business majors who are not required to complete the "business core" courses** (Health Administration, General Economics, or BGS).

A maximum of 3 credits used for the minor may count toward other business major requirements. A minimum of 6 credits must be exclusive to the minor. The three upper-division (3000-level) courses must be taken at FAU.

Timely Graduation

Minors and certificates should be considered an optional direction for elective credits. Students may not add a minor or certificate without permission from a COB advisor (and main college advisor if different). Students are generally not permitted to add a minor/cert after earning 90 credit hours or if completing it will result in an Excess Hour Surcharge.

Maximum Course Attempts

FAU counts a “course attempt” as any time a student is enrolled in a course (at any institution) and earns either a grade or a “W”. FAU COB students may not attempt any course more than twice; **third attempts are not permitted.**

The FAU Catalog is the official source for information about these requirements.
