

Economics with Concentration in Business Economics Program (BBA or BS)

The following information is a general overview of the program for students in the **Fall 22 through Summer 25 catalog**. Speak with your advisor if you are unsure of your catalog. Reviewing this sheet is NOT a replacement for advising meetings which are recommended twice per year; **students are NOT encouraged to self-advise**. Requirements and course offerings may change for students not yet admitted or declared. The BBA degree also has a **fully online option**. The BS degree requires an additional six hours of advanced math. Note for **Second Bachelor's** Students: FLENT, Gen Ed, and *some* electives are not required.

Important Academic Policies

Please visit www.business.fau.edu/academicpolicies. It is especially important for prospective business majors to be aware of:

- **Limitation on Repeated Courses**
(max two attempts per course)
- **Limitation on Number of Withdrawals**
- **Deadlines to Declare a Major**

Requirements for All FAU Bachelor's Degree Programs

Requirement	Description
Free electives to reach minimum 120 credits	Verify with your advisor how many free electives (if any) you need to graduate

*See below information for UDBE if choosing one of these international economics courses as one of your Economics major electives.

Upper Division Business Elective (UDBE): Confirm with advisor whether this is required for you

Requirement	Suggested Option: Internship
<p>All business core majors must complete 51 credits (17 courses) of upper division business coursework. Economics majors meet this requirement with their 10 core courses and 7 major courses.</p> <p>ECS3013, ECO4704, or ECO4713 will satisfy one of the three Economics major electives as well as the international perspective requirement in the business core; students who choose one of these options will need an upper division business elective (UDBE). Choose any ONE 3000 or 4000 level business course not already taken in the core or major.</p>	<p>Students interested in an internship as their Business Elective may schedule an appointment with the College of Business Career Development and Internship Coordinator.</p>

About Economics

Economics is the study of choices made by individuals and markets, and how effectively society meets its human and material needs. The Economics Department offers two undergraduate economics programs that prepare students for careers in banking, government, data analysis, teaching, and advanced graduate work:

- **Economics with a Business Economics concentration (ECON-EBUS):** This program has the same diverse foundation in core business principles as other majors in the College, but also integrates economics courses in such a way that the student can analyze business problems with the insight that the economics discipline offers.
- **General Economics (ECON):** This program is designed to provide a broad liberal arts education with emphasis in Economics and the Social Sciences. If you are interested in the General Economics Program, please view our General Economics program sheet available at www.business.fau.edu/majors.
