The Health Administration major provides students with a university education that promotes personal and professional growth as well as concentrated awareness of health systems and their effects on society. Flexibility in course selection encourages students to develop a program of study that will strengthen their analytical skills, expose them to new thought, and develop their awareness of leadership and responsibility as citizens and future health administrators.

**Required Courses**

A minimum of 120 credit hours are required for the degree. Other administrative requirements will be needed (see the University Catalog and an Academic Advisor for details).

**Limitation on Repeated Courses**

No course may be repeated more than once, whether at FAU or at any other institution, without the permission of the student's advising office. The College of Business adheres to a maximum of two attempts per course, inside or outside FAU, including withdrawals.

**Intellectual Foundation Program (IFP) Courses**

The pre-business foundation courses satisfy much of the IFP, but the following additional coursework is required. Students with an AA (Associate of Arts) degree from a regionally accredited Florida Public Institution are deemed to have met the IFP. To view the entire IFP course list, use this case sensitive URL: [http://www.fau.edu/ugstudies/IFP_curriculum_sheets.php](http://www.fau.edu/ugstudies/IFP_curriculum_sheets.php)

**Pre-Business Foundation Courses** (Minimum grade of “C”)

To declare the HEAD major students must have: 60 credit hours, a 2.25 FAU-GPA, the foreign-language requirement and the first four Pbus foundation courses (view below). Please note that students may not make any changes to their program objectives (majors, minors, etc.), if they are unable to adhere to FAU timely graduation policies.
