The major in Management has two concentrations, one in Leadership and Applied Management Skills and the other in Entrepreneurship. To obtain a management major, students must complete one of the two concentrations. Since there is significant overlap in the course work and the major granted is the same (Management), double concentrations are not permitted.

Required Courses
A minimum of 120 credit hours are required for the degree. Other administrative requirements will be needed (see the University Catalog and an Academic Advisor for details).

Limitation on Repeated Courses
No course may be repeated more than once, whether at FAU or at any other institution, without the permission of the student’s advising office. The College of Business adheres to a maximum of two attempts per course, inside or outside FAU, including withdrawals.

Intellectual Foundation Program (IFP) Courses
The pre-business foundation courses satisfy much of the IFP, but the following additional coursework is required. Students with an AA (Associate of Arts) degree from a regionally accredited Florida Public Institution are deemed to have met the IFP. To view the entire IFP course list, use this case sensitive URL: http://www.fau.edu/ugstudies/IFP_curriculum_sheets.php
