

PBUS/BGS Upper Division Business Course Options

The following upper division (3000/4000 level) courses are considered “unrestricted,” meaning pre-business and Bachelor of General Studies students can register for them without being declared in a business major as long as they meet the pre-requisites for the course. (BGS students see additional information at the bottom of the list.) This is not a list of electives as some of these courses may be required for your program, but courses that are not required may be used as electives. Speak with an advisor for guidance.

Note: Not all courses are offered every semester.

*Open to PBUS and BGS students. Not open to students outside the College of Business except when pursuing a minor that requires this course (advisor authorization required).

BGS Students—Additional Options

Minors: Ask an advisor for a list of all minors that are available to BGS students. Courses required for these minors may not appear on this list but can be authorized by an advisor for students declared in that minor.

HFT courses: With the exception of HFT4453, BGS students may register for most HFT courses with or without being declared in the Hospitality minor.
